DARM DOCKET NO. 021-00000-P-13 F-0513

**ORDER CERTIFYING PLAN THROUGH
DECEMBER 31, 2023.**

INTRODUCTION

Columbia County has asked the Department of Agriculture, Trade and Consumer Protection (“DATCP”) to certify a proposed comprehensively revised county farmland preservation plan pursuant to s. 91.16, Wis. Stats. DATCP has considered the request and adopts the following decision:

FINDINGS OF FACT

- (1) DATCP is an agency of the State of Wisconsin, and is responsible for administering Wisconsin’s farmland preservation law under ch. 91, Wis. Stats., as repealed and recreated by 2009 Wis. Act 28.
- (2) Columbia County is a county of the State of Wisconsin.
- (3) In order for a county and its residents to participate in the farmland preservation program, a county must have a state-certified farmland preservation plan. Among other things, the certified plan must clearly designate farmland preservation areas that the county plans to preserve for agricultural use.
- (4) Columbia County has a state-certified farmland preservation plan that expires on December 31, 2013.
- (5) Under s. 91.16(8), Wis. Stats., the certification of a farmland preservation plan does not cover any subsequent plan revision (adopted after July 1, 2009) unless DATCP certifies that plan revision.
- (6) On April 29, 2013, DATCP received from Columbia County a request to certify a comprehensively revised county farmland preservation plan under s. 91.16, Wis. Stats. The county submitted the application in the form required under s. 91.20, Wis. Stats. The application included the certifications required under s. 91.20(3), Wis. Stats.
- (7) Under s. 91.16(3)(a), Wis. Stats., DATCP may certify a county plan based on the county’s certification under s. 91.20(3), Wis. Stats., that the plan meets applicable certification standards under s. 91.18, Wis. Stats.
- (8) DATCP may certify a farmland preservation plan if the plan meets applicable statutory standards under s. 91.18, Wis. Stats. DATCP may certify based on the representations contained in the county’s application, but may conduct its own review and verification as it deems appropriate.
- (9) Under s. 91.10(2), Wis. Stats., the farmland preservation plan must be consistent with the Columbia County Comprehensive Plan, and the County must include the farmland preservation plan in the County Comprehensive Plan.

(10) Under s. 91.16(2)(a), Wis. Stats., DATCP may certify a county farmland preservation plan for a specified period of up to 10 years. Under s. 91.16(6), Wis. Stats., DATCP may make its certification contingent upon the county adoption of the certified plan text and maps, in the form certified.

(11) Under s. 91.16(9), Wis. Stats., DATCP may withdraw its certification at any time if DATCP finds that the certified plan materially fails to meet applicable certification standards under s. 91.18, Wis. Stats.

CONCLUSIONS OF LAW

(1) Based on Columbia County's certification that the attached county farmland preservation plan meets applicable certification requirements under s. 91.18, Wis. Stats., DATCP may certify that plan for up to 10 years.

(2) DATCP may make its certification contingent upon the county adoption of the certified plan text and maps, in the form certified, and contingent upon its adoption as part of the County comprehensive plan.

(3) Certification does not apply to plan amendments made after the certification date, unless DATCP certifies those amendments.

(4) DATCP may withdraw its certification at any time if DATCP finds that the certified plan text and maps materially fail to meet applicable certification standards under s. 91.18, Wis. Stats.

ORDER

NOW, THEREFORE, IT IS ORDERED THAT:

(1) The attached Columbia County Farmland Preservation Plan text (May 8, 2013) and maps (February 19, 2013) are hereby certified under s. 91.16, Wis. Stats., and contingent upon county adoption of the plan, included as part of the County comprehensive plan, in the form submitted, before December 31, 2013.

(2) The certified farmland preservation plan area for Columbia County is titled "Farmland Preservation Area."

(3) This order takes effect on the date on which the county adoption of the plan text and maps, in the form submitted, takes effect.

(4) This certification expires at the end of the day on December 31, 2023.

Dated this 5th day of June, 2013.
