The Board of Supervisors of Columbia County convened in organizational session at the Carl C. Frederick Administration Building in Portage pursuant to law. The meeting was called to order by Chair Gove and was certified to be in compliance with the Wisconsin Open Meetings Law.

All Supervisors were present, except Foley and St. Maurice, absent with notice; Brooks and McClyman, absent without notice and Kessler arrived late.

Members stood and recited the Pledge of Allegiance.

A motion was made by Drew, second by Wingers to approve the Journal of March 15, 2017. Motion carried.

A motion to approve the agenda as printed was made by Cupery, second by De Young. Motion carried.

Kessler arrived at 9:48 a.m.

Karl Martin, Dean and Director, Cooperative Extension Division for UW-Extension gave an update on the nEXT Generation Project and entertained questions of the Board.

Greg Kimball from the American Tissue Services Foundation presented a plaque and glass teardrop to Angela Hinze, Columbia County Medical Examiner and her staff in recognition of their outstanding efforts for tissue donations. Gretchen Halvorsen, Support Services Division Administrator for Health and Human Services, gave a brief explanation of the Health and Human Services Art Committee and provided an update on artwork for the new Health and Human Services Building. She reported an artist was selected to paint a mural for the waiting area, at a cost of $9,500. A grant has been applied for to cover the cost. Field asked if the mural was contingent on receiving the grant and Halvorsen responded it was not. Field stated he was not aware of public input on the mural.

Drew Carlson, resident of Town of Springvale in Rio, addressed the County Board during public input to express concerns with eminent domain, landowner rights, financial aspects and safety issues regarding the Enbridge Pipeline expansion project.

Konkel gave an update of the Ad Hoc Building Committee. The committee reviewed and awarded courthouse renovation bids (except landscaping). He reported it would cost $480,000 to replace boilers in renovation of Courthouse as an alternate bid. Replacement of HVAC system could be paid from the building maintenance account and then replenished after the sale of the Health and Human Services building on Murphy Road. He entertained questions of the Board.

Teitgen addressed the Board regarding artwork for the new Administration Building and Health and Human Services Building and entertained questions of the Board. Field expressed concern that necessities such as HVAC system for Courthouse should have been part of the $45.51 million building project(s) and nonessential items should have been prioritized and voted on by the County Board.

C. Where the application (or attached documents to the application) for rezoning to a Planned Development) overlay district is silent on particular zoning regulations that may affect the development characteristic of individual building sites within the Planned Development area, the Zoning Administrator shall apply applicable standards of this chapter, including but not limited to the standards applicable within the underlying base zoning district, landscape standards; lighting standards; and off-street parking, access, loading standards.
D. In its review and action on an application for a Planned Development Overlay District and a development plan or amendment to a development plan, the Planning and Zoning Committee shall find that the proposed development meets each of the following standards:

   1. Preexisting residences may be replaced as long as the replacement is within 100-200 feet of the current location unless otherwise approved by the Planning and Zoning Committee (except that mobile homes as indicated below may not be replaced).

16-125-030 A-2 District Dwellings

A. Qualifying Lands
   1. The only lands which qualify to be placed in this district are those vacant A-1 Agriculture or AO-1 Agriculture and Open Space lands which were parcels of record as of November 1, 1984, or approved portions of such parcels. Such parcels of record shall not be under common ownership with any other vacant contiguous A-1 Agriculture or AO-1 Agriculture and Open Space lands that bring the total acreage under contiguous common ownership to 35 acres or greater. If the total acreage under contiguous common ownership is 35 acres or greater Section 16-125-050 is applicable.

   2. In order to be rezoned to A-2 General Agriculture District, the County shall require that contiguous vacant individual parcels of record under common ownership that total less than 35 acres be combined to allow only one new dwelling. The parcel(s) combination is not required if the contiguous parcel(s) which will not be used for a residence are restricted by applying the A-4 Agriculture Overlay District.

B.  
   1. On each vacant lot or parcel within the A-2, the construction of an agricultural accessory structure is permitted, provided that associated standards within this Chapter are met and the associated town board or its designee has first verified, in writing, that the use of the structure and its location on the lot or parcel will be consistent with agricultural use.

   2. On a lot or parcel that already contains one or more agricultural accessory structures, the construction, reconstruction, replacement, or expansion of an agricultural accessory structure is permitted without additional review, provided that the associated standards within this Chapter are met. Town siting approval may be required if the associated town has an ordinance which requires siting approval for such structures.

   3. On an A-2 parcel that contains a legal dwelling, non-agricultural accessory structures associated with the residential use, including but not limited to garages, workshops, and personal storage, are permitted provided that the associated standards within this Chapter are met. Town siting approval may be required if the associated town has an ordinance which requires siting approval for such structures.

The standards in this section shall apply to properties zoned A-1 Agriculture, AO-1 Agriculture and Open Space, A-2 General Agriculture and RR-1 Rural Residence. This use classification and the associated standards shall apply regardless of whether the use functions as an accessory use or a principal use. The intent of the performance standards in this subsection is to allow for hobby and recreational farming in appropriate zoning districts; avoid nuisances, excessive undesirable odor, and other negative impact on neighboring properties;
protect human and animal health; satisfy the needs of farm animals for exercise space; and protect water
quality and the environment. Where permitted, such uses shall be subject to the following performance
standards: Table 16-125.060 indicates when farm animals are allowed on a property and in what
quantities animals are permitted. Uses designated with a “U” are permitted an unlimited number of farm
animals and/or livestock. Uses designated “P” are permitted subject to the following performance
standards:

Resolution was placed on supervisor’s desks. Motion was made to adopt the Resolution by Teitgen, second by Rashke. Kessler expressed concern about funds being withdrawn from the general fund account and asked if a decision could be delayed until the Board has an opportunity to review the 2018 budget. Schepp addressed the general fund, stating the County needs to keep at least two to three months of operating expenses in its general fund reserves. She cautioned against the continued use of reserves for unfunded expenditures. They are also gathering comprehensive data for a “Columbia County Guide to Finances/Budget”. Pufahl maintained the time to replace equipment would be during the renovation project. Field asked if there would be more unforeseen building project expenditures not included in borrowing. Konkel responded by saying there are no guarantees regarding future expenditure requests because remodeling projects often have unanticipated costs. According to his recent research of last several general fund audits, the County has adequate funds in reserves and recommends approval. Chair Gove requested a roll call vote. The Resolution was adopted on a roll call vote as follows:

YES:  26; ABSENT: 2

ABSENT:  McClyman and Brooks.

B. Each planned individual development within a Planned Development overlay district shall have a minimum area of 1 acre.
C. Where the application (or attached documents to the application) for rezoning to a Planned Development overlay district is silent on particular zoning regulations that may affect the development characteristic of individual building sites within the Planned Development area, the Zoning Administrator shall apply applicable standards of this chapter, including but not limited to the standards applicable within the underlying base zoning district, landscape standards; lighting standards; and off-street parking, access, loading standards.
D. In its review and action on an application for a Planned Development Overlay District and a development plan or amendment to a development plan, the Planning and Zoning Committee shall find that the proposed development meets each of the following standards:
   1. The proposed project rezone shall meet all relevant criteria listed in Section 16-150-060 for rezonings.

16-120-060 Review Procedure Reserved

16-125-020 A-1 AND AO-1 PREEXISTING RESIDENCES AND ACCESSORY STRUCTURES
A. Preexisting residences in the A-1 or AO-1 Districts.
   1. Preexisting residences may be replaced as long as the replacement is within 100 feet of the current location unless otherwise approved by the Planning and Zoning Committee (except that mobile homes as indicated below may not be replaced).
16-125-030 A-2 DISTRICT DWELLINGS

A. Qualifying Lands
1. The only lands which qualify to be placed in this district are those \textit{vacant} A-1 Agriculture or AO-1 Agriculture and Open Space lands which were parcels of record as of November 1, 1984, or approved portions of such parcels. Such parcels of record shall not be under common ownership with any \textit{other} vacant contiguous A-1 Agriculture or AO-1 Agriculture and Open Space lands that bring the total acreage under contiguous common ownership to 35 acres or greater. If the total acreage under contiguous common ownership is 35 acres or greater Section 16-125-050 is applicable.

2. In order to be rezoned to A-2 General Agriculture District, the County shall require that contiguous \textit{vacant} individual parcels of record under common ownership that total less than 35 acres be combined to allow only one new dwelling. The parcel(s) combination is not required if the contiguous parcel(s) which will not be used for a residence are restricted by applying the A-4 Agriculture Overlay District.

B.
1. On each vacant lot or parcel within the A-2, the construction of an agricultural accessory structure is permitted, provided that associated standards within this Chapter are met and the associated town board or its designee has first verified, in writing, that the use of the structure and its location on the lot or parcel will be consistent with agricultural use.

2. On a lot or parcel that already contains one or more agricultural accessory structures, the construction, reconstruction, replacement, or expansion of an agricultural accessory structure is permitted without additional review, provided that the associated standards within this Chapter are met. Town siting approval may be required if the associated town has an ordinance which requires siting approval for such structures.

3. On an A-2 parcel that contains a legal dwelling, non-agricultural accessory structures associated with the residential use, including but not limited to garages, workshops, and personal storage, are permitted provided that the associated standards within this Chapter are met. Town siting approval may be required if the associated town has an ordinance which requires siting approval for such structures.

16-125-060 Keeping of Farm Animals On Small Parcels
The following standards shall apply when (1) any owner of lands zoned A-2 or RR-1 wishes to keep and maintain farm animals or (2) any owner of fewer than 35 contiguous acres zoned A-1 or AO-1 wishes to keep and maintain farm animals, except for livestock as that term is defined in Subchapter 16-160. The standards in this section shall apply to properties zoned A-1 Agriculture, AO-1 Agriculture and Open Space, A-2 General Agriculture and RR-1 Rural Residence. This use classification and the associated standards shall apply regardless of whether the use functions as an accessory use or a principal use. The intent of the performance standards in this subsection is to allow for hobby and recreational farming in appropriate zoning districts; avoid nuisances, excessive undesirable odor, and other negative impact on neighboring properties; protect human and animal health; satisfy the needs of farm animals for exercise space; and protect water quality and the environment. Where permitted, such uses shall be subject to the following performance standards:

BOARD OF SUPERVISORS
Susan M. Moll
COLUMBIA COUNTY CLERK

DATE PASSED: July 19, 2017
DATE PUBLISHED: July 24, 2017

Motion was made by Teitgen, second by Baumgartner, to adopt.

Pufahl stated he would support the amending ordinance, however, he expressed concern in the wording in section 16-125-240 (C) “No one can create or release any emissions with odors that can be considered objectionable by the Department of Natural Resources under applicable State of Wisconsin rules.” Drew stated it was not in the best interest of Columbia County residents to defer responsibility to the Department of Natural Resources. Teitgen explained the ordinance as written “Light manufacturing uses shall not create any odor, noise, heat, vibration, or radiation that is or has the potential to be detectable at the lot line” would be impossible to enforce and could keep potential manufacturers out of the County. He urged supervisors to vote in favor of the proposed amendments. Rashke asked for clarification on who would enforce the ordinance. Ruf stated the Columbia County Planning and Zoning Department would be the primary entity enforcing the ordinance and DNR would set the standards for determining whether an odor is “objectionable” per statutory requirements.

Chair Gove requested a roll call vote.

YES: 25; NO: 3

NO: Zander, Drew and Field.

The Ordinance was declared passed and is to be known as Ordinance 178-17.

RESOLUTION NO. 24-17

WHEREAS, Columbia County ("County") is concerned with the recent rapid rise in troubles among County citizens, residents, and visitors in relation to problems arising out of the use, abuse and overuse of opioid medications, which according to certain studies, impacts millions of people across the country; and,

WHEREAS, issues and concerns surrounding opioid use, abuse and overuse by citizens, residents and visitors are not unique to County and are, in fact, issues and concerns shared by all other counties in Wisconsin, and, for that matter, states and counties across the country, as has been well documented through various reports and publications, and is commonly referred to as the Opioid Epidemic ("Opioid Epidemic"); and,

WHEREAS, the societal costs associated with the Opioid Epidemic are staggering and, according to the Centers for Disease Control and Prevention, amount to over $75 billion annually; and,

WHEREAS, the National Institute for Health has identified the manufacturers of certain of the opioid medications as being directly responsible for the rapid rise of the Opioid Epidemic by virtue of their aggressive and, according to some, unlawful and unethical marketing practices; and,

WHEREAS, certain of the opioid manufacturers have faced civil and criminal liability for their actions that relate directly to the rise of the Opioid Epidemic; and,

WHEREAS, County has spent millions in unexpected and unbudgeted time and resources in its programs and services related to the Opioid Epidemic; and,

WHEREAS, County is responsible for a multitude of programs and services, all of which require County to expend resources generated through state and federal aid, property tax levy, fees and other permissible revenue sources; and,

WHEREAS, County’s provision of programs and services becomes more and more difficult every year because the costs associated with providing the Opioid Epidemic programs and services continue to rise, yet County’s ability to generate revenue is limited by strict levy limit caps and stagnant or declining state and federal aid to County; and,

WHEREAS, all sums that County expends in addressing, combatting and otherwise dealing with the Opioid Epidemic are sums that cannot be used for other critical programs and services that County provides to County citizens, residents and visitors; and,

WHEREAS, County has been informed that numerous counties and states across the country have filed or intend to file lawsuits against certain of the opioid manufacturers in an effort to force the persons and entities responsible for the Opioid Epidemic to assume financial responsibility for the costs associated with addressing, combatting and otherwise dealing with the Opioid Epidemic; and,

WHEREAS, County has engaged in discussions with representatives of the law firms of von Briesen & Roper, S.C., Crueger Dickinson LLC and Simons Hanly Conroy LLC (the “Law Firms”) related to the potential for County to pursue certain legal claims against certain opioid manufacturers; and,

WHEREAS, County has been informed that the Law Firms have the requisite skill, experience and wherewithal to prosecute legal claims against certain of the opioid manufacturers on behalf of public entities seeking to hold them responsible for the Opioid Epidemic; and,

WHEREAS, the Law Firms have proposed that County engage the Law firms to prosecute the aforementioned claims on a contingent fee basis whereby the Law Firms would not be compensated unless County receives a financial benefit as a result of the proposed claims and the Law Firms would advance all claim-related costs and expenses associated with the claims; and,

WHEREAS, all of the costs and expenses associated with the claims against certain of the opioid manufacturers would be borne by the Law Firms; and,

WHEREAS, the Law Firms have prepared an engagement letter, which is submitted as part of this Resolution (“Engagement Letter”) specifying the terms and conditions under which the Law Firms would provide legal services to County and otherwise consistent with the terms of this Resolution; and,

WHEREAS, County is informed that the Wisconsin Counties Association has engaged in extensive discussions with the Law Firms and has expressed a desire to assist the Law Firms, County and other counties in the prosecution of claims against certain of the opioid manufacturers; and,

WHEREAS, County would participate in the prosecution of the claim(s) contemplated in this Resolution and the Engagement Letter by providing information and materials to the Law Firms and, as appropriate, the Wisconsin Counties Association as needed; and,
WHEREAS, County believes it to be in the best interest of County, its citizens, residents, visitors and taxpayers to join with other counties in and outside Wisconsin in pursuit of claims against certain of the opioid manufacturers, all upon the terms and conditions set forth in the Engagement Letter; and,

WHEREAS, by pursuing the claims against certain of the opioid manufacturers, County is attempting to hold those persons and entities that had a significant role in the creation of the Opioid Epidemic responsible for the financial costs assumed by County and other public agencies across the country in dealing with the Opioid Epidemic.

NOW, THEREFORE BE IT RESOLVED, County authorizes, and agrees to be bound by, the Engagement Letter and hereby directs the appropriate officer of the County to execute the Engagement Letter on behalf of the County; and,

BE IT FURTHER RESOLVED, County shall endeavor to faithfully perform all actions required of County in relation to the claims contemplated herein and in the Engagement Letter and hereby directs all County personnel to cooperate with and assist the Law Firms in relation thereto.

Counsel shall at all times remain ethically and financially responsible to the County for the services of Counsel and National Law Firm set forth herein.

B. As set forth below, County’s responsibility for attorney fees and expenses is contingent upon the successful outcome of the Lawsuit, as further defined below. Counsel and National Law Firm have agreed in writing as to the appropriate split of attorney fees and expenses upon the engagement of National Law Firm. Specifically, in the event of a Recovery (as defined below), the attorney fees will be split between the law firms as follows:

<table>
<thead>
<tr>
<th>FirmName</th>
<th>Percentage of Fees if Successful</th>
</tr>
</thead>
<tbody>
<tr>
<td>von Briesen &amp; Roper, s.c.</td>
<td>10%</td>
</tr>
<tr>
<td>Crueger Dickinson LLC</td>
<td>45%</td>
</tr>
<tr>
<td>Simmons Hanly Conroy LLC</td>
<td>45%</td>
</tr>
</tbody>
</table>

The split of attorneys’ fees between Counsel and National Law Firm may be subject to change. In the event of such an amendment, the County will be notified in writing of that amendment.

109
D. Counsel and County understand and agree that Counsel and National Law Firm will all be considered attorneys for County. As such, each and all of Counsel and National Law Firm will adhere to the Rules of Professional Responsibility governing the relationship between attorney and client.

ACTUAL AND POTENTIAL CONFLICTS OF INTEREST AND WAIVER OF CONFLICT
As County is aware, Counsel and National Law Firm contemplate entering into the same arrangement as that set forth in this Engagement Letter with other counties and municipalities in Wisconsin and elsewhere. Counsel and National Law Firm believe that the goals and objectives of County are aligned with the goals and objectives of all other counties and municipalities with respect to the Lawsuit. Counsel and National Law Firm do not believe that to achieve the goals of the Lawsuit, either County or another county or municipality must take a position that is adverse to the interests of the other. However, to the extent any issue may arise in this matter about which County disagrees with another county or municipality, and one of you may wish to pursue a course that benefits one but is detrimental to the interest of the other, we cannot advise County or assist County or any other county or municipality in pursuing such a course. That is to say, Counsel and National Law Firm cannot advocate for County’s individual interests at the expense of the other counties or municipalities that Counsel and National Law Firm represent in a Lawsuit. Counsel and National Law Firm do not believe that this poses a problem because County’s interests are currently aligned with the other counties and municipalities that are or may be in the Lawsuit. Counsel and National Law Firm are confident that their representation of County will not be limited in this matter by representation of any other county or municipality, but County should consider these consequences of joint representation in deciding whether to waive this conflict.

In addition to the material limitation discussed above, there are other consequences for County in agreeing to joint representation. Because each county or municipality would be a client of Counsel and National Law Firm, Counsel and National Law Firm owe equal duties of loyalty and communication to each client. As such, Counsel and National Law Firm must share all relevant information with all counties and municipalities who are clients in relation to the Lawsuit and Counsel and National Law Firm cannot, at the request of one county or municipality, withhold relevant information from the other client. That is to say, Counsel and National Law Firm cannot keep secrets about this matter among the counties and municipalities who are clients of Counsel and National Law Firm with respect to the Lawsuit. Also, lawyers normally cannot be forced to divulge information about communications with their clients because it is protected by the attorney-client privilege. However, because County would be a joint client in the same matter with other counties and municipalities, it is likely that were there to be a future legal dispute between County and other counties or municipalities that engage Counsel and National Law Firm about this matter, the attorney-client privilege would not apply, and each would not be able to invoke the privilege against the claims of the other.

Further, while County’s position is in harmony with other counties and municipalities presently, and the conflict discussed above is waivable, facts and circumstances may change. For example, County may change its mind and wish to pursue a course that is adverse to the interests of another county or municipality and the conflict may become unwaivable. In that case, depending upon the circumstances, Counsel and National Law Firm may have to withdraw from representing either County or another county or municipality and County would have to bear the expense, if County chooses, of hiring new lawyers who would have to get up to speed on the matter.

County is not required to agree to waive this conflict, and County may, after considering the risks involved in joint representation, decline to sign this Engagement Letter. By signing this Engagement Letter, County is signifying its consent to waiving the conflict of interest discussed herein.
Other than the facts and circumstances related to the joint representation of numerous counties and municipalities, Counsel and National Law Firm are unaware of any facts or circumstances that would prohibit Counsel and/or National Law Firm from providing the services set forth in this Engagement Letter. However, it is important to note that the law firm of von Briesen & Roper, s.c., is a relatively large law firm based in Wisconsin and represents many companies and individuals. It is possible that some present and future clients of von Briesen & Roper, s.c., will have business relationships and potential or actual disputes with County. von Briesen & Roper, s.c., will not knowingly represent clients in matters that are actually adverse to the interests of County without County’s permission and informed consent. von Briesen & Roper, s.c, respectfully requests that County consent, on a case by case basis, to von Briesen & Roper, s.c.’s representation of other clients whose interests are, or maybe adverse to, the interests of County in circumstances where County has selected other counsel and where von Briesen & Roper, s.c., has requested a written conflict waiver from County after being advised of the circumstances of the potential or actual conflict and County has provided informed consent.

FEES FOR LEGAL SERVICES AND RESPONSIBILITY FOR EXPENSES

A. Calculation of Contingent Fee

There is no fee for the services provided herein unless a monetary recovery acceptable to County is obtained by Counsel and National Law Firm in favor of County, whether by suit, settlement, or otherwise ("Recovery"). County understands and agrees that a Recovery may occur in any number of different fashions such as final judgment in the Lawsuit, settlement of the Lawsuit, or appropriation to County following a nationwide settlement or extinguishing of claims in lawsuits and matters similar to the Lawsuit. Counsel and National Law Firm agree to advance all costs and expenses of Counsel, National Law Firm and the Lawsuit associated with investigating and prosecuting the Lawsuit provided, however, that the costs and expenses associated with County cooperating with Counsel and National Law Firm in conjunction with the Lawsuit and otherwise performing its responsibilities under this Engagement Letter are the responsibility of County. In consideration of the legal services to be rendered by Counsel and National Law Firm, the contingent attorneys’ fees for the services set forth in this Engagement Letter shall be a gross fee of 25% of the Recovery, which sum shall be divided among Counsel and National Law Firm as set forth in the above chart. Upon the application of the applicable fee percentage to the gross Recovery, and that dollar amount set aside as attorneys’ fees to Counsel and National Law Firm, the amount remaining shall first be reduced by the costs and disbursements that have been advanced by Counsel and National Law Firm, and that amount shall be remitted to Counsel and National Law Firm. By way of example only, if the gross amount of the Recovery is $1,000,000.00, and costs and disbursements are $100,000.00, then the fee to Counsel and National Law Firm shall be $250,000, the costs amount of $100,000 shall be deducted from the balance of $750,000.00, and the net balance owed to County shall be $650,000. The costs and disbursements which may be deducted from a Recovery include, but are not limited to, the following, without limitation: court fees, process server fees, transcript fees, expert witness fees and expenses, courier service fees, appellate printing fees, necessary travel expenses of attorneys to attend depositions, interview witnesses, attend meetings related to the scope of this Engagement Letter and the like, and other appropriate matter related out-of-pocket expenses. In the event that any Recovery results in a monetary payment to County that is less than the amount of the costs incurred and/or disbursements made by Counsel and National Law Firm, County shall not be required to pay Counsel and National Law Firm any more than the sum of the full Recovery.

B. Nature of Contingent Fee

No monies shall be paid to Counsel or National Law Firm for any work performed, costs incurred or disbursements made by Counsel or National Law Firm in the event no Recovery to County has been obtained. In the event of a loss at trial due to an adverse jury verdict or a dismissal of the Lawsuit by the court, no monies shall be paid to Counsel or National Law Firm for any work performed, costs incurred or disbursements made by Counsel or National Law Firm. In such an event, neither party shall have any further rights against the other.
C. Disbursement of Recovery Proceeds to County

The proceeds of any Recovery on County’s behalf under the terms of this Engagement Letter shall be disbursed to County as soon as reasonably practicable after receipt by Counsel and National Law Firm. At the time of disbursement of any proceeds from a Recovery, County will be provided with a detailed disbursement sheet reflecting the method by which attorney’s fees have been calculated and the expenses of litigation that are due to Counsel and National Law Firm from such proceeds. Counsel and National Law Firm are authorized to retain out of any moneys that may come into their hands by reason of their representation of County the fees, costs, expenses and disbursements to which they are entitled as determined in this Engagement Letter.

TERMINATION OF REPRESENTATION

This Engagement Letter shall cover the period from the date first indicated below until the termination of the legal services rendered hereunder, unless earlier terminated as provided herein. This Engagement Letter may be terminated by County at any time, and in the event of such termination, neither party shall have any further rights against the other, except that in the event of a Recovery by County against the Opioid Manufacturers subsequent to termination, Counsel and National Law Firm shall have a statutory lien on any such recovery as provided by applicable law and further maintain rights in the nature of quantum meruit to recover fees, costs and expenses reasonably allocable to their work prior to termination. Counsel and National Law Firm may withdraw as County’s attorneys at any time for the following reasons:

A. If Counsel and National Law Firm determine, in their sole discretion, that County’s claim lacks merit or that it is not worthwhile to pursue the Lawsuit further; or

B. For Good Cause. For purposes of this Paragraph, Good Cause may include County’s failure to honor the terms of the Engagement Letter, County’s failure to follow Counsel or National Law Firm’s advice on a material matter, or any fact or circumstance that would, in the view of Counsel or National Law Firm, impair an effective attorney-client relationship or would render continuing representation unlawful or unethical. If terminated for Good Cause, County will take all steps necessary to free Counsel and National Law Firm of any obligation to perform further, including the execution of any documents (including forms for substitution of counsel) necessary to complete withdrawal provided, however, that Counsel and National Law Firm shall have a statutory lien on any Recovery as provided by applicable law and further maintain rights in the nature of quantum meruit to recover fees, costs and expenses reasonably allocable to their work prior to termination.

SETTLEMENT

County has the authority to accept or reject any final settlement amount after receiving the advice of Counsel and National Law Firm. County understands settlements are a “compromise” of its claim(s), and that Counsel and National Law Firm’s fee, as set forth above, applies to settlements also. For example, if a settlement is reached, and includes future or structured payments, Counsel and National Law Firm’s fee shall include its contingent portion of those future or structured payments.

NO GUARANTEE OF RECOVERY

County understands and acknowledges that dispute resolution through litigation often takes years to achieve. County understands and acknowledges that there is no guarantee or assurances of any kind regarding the likelihood of success of the Lawsuit, but that Counsel and National Law Firm will use their skill, diligence, and experience to diligently pursue the Lawsuit.

LIMITED LIABILITY

von Briesen & Roper, s.c., and Crueger Dickinson LLC are limited liability entities under Wisconsin law. This means that if Counsel fails to perform duties in the representation of County and that failure causes County damages, the firms comprising Counsel and the shareholder(s) or principals directly involved in the representation may be responsible to County for those damages, but the firm’s other shareholders or principals will not be personally responsible. Counsel’s professional liability insurance exceeds the minimum amounts required by the Wisconsin Supreme Court for limited liability entities of similar size.
COMMUNICATION BY E-MAIL
Counsel and National Law Firm primarily communicate with their clients via unencrypted internet e-mail, and this will be the way in which communications occur with County.

While unencrypted e-mail is convenient and fast, there is risk of interception, not only within internal networks and the systems used by internet service providers, but elsewhere on the internet and in the systems of our clients and their internet service providers.

FILE RETENTION AND DESTRUCTION
In accordance with Counsel and National Law Firm’s records retention policy, most paper and electronic records maintained are subject to a 10-year retention period from the last matter activity date or whatever date deemed appropriate. Extended retention periods may apply to certain types of matters or pursuant to County’s specific directives.

After the expiration of the applicable retention period, Counsel and National Law Firm will destroy records without further notice to County, unless County otherwise notifies in writing.

MISCELLANEOUS
This Engagement Letter shall be governed by and construed in accordance with the laws of the State of Wisconsin, without regard to conflicts of law rules. In the event of any dispute arising out of the terms of this Engagement Letter, venue for any such dispute shall be exclusively designated in the State of Wisconsin Circuit Court for Milwaukee County, Wisconsin, or in the United States District Court for the Eastern District of Wisconsin.

It is expressly agreed that this Engagement Letter represents the entire agreement of the parties, that all previous understandings are merged in this Engagement Letter, and that no modification of this Engagement Letter shall be valid unless written and executed by all parties.

It is expressly agreed that if any term or provision of this Engagement Letter, or the application thereof to any person or circumstance, shall be held invalid or unenforceable to any extent, the remainder of this Engagement Letter, or the application of such term or provision to persons or circumstances other than those to which it is held invalid or unenforceable, shall not be affected thereby; and every other term and provision of this Engagement Letter shall be valid and shall be enforced to the fullest extent permitted by law. The parties acknowledge that they have carefully read and fully understand all of the provisions of this Engagement Letter, and that they have the capacity to enter into this Engagement Letter. Each party and the person signing on behalf of each party, represents that the person signing this Engagement Letter has the authority to execute this document and thereby bind the party hereto on whose behalf the person is signing. Specifically, County acknowledges that it is bound by this Engagement Letter, has satisfied all conditions precedent to execution of this Engagement Letter and will execute all the necessary documents that may be required by its governing statutes and/or code.

CONCLUSION
Counsel and National Law Firm are pleased to have this opportunity to be of service to County. If at any time during the course of representation you have any questions or comments about our services or any aspect of how we provide services, please don’t hesitate to call one or all of the individuals listed below.

Very truly yours,

RESOLUTION NO. ________

WHEREAS, pursuant to Article VI, Section 3 of the Wisconsin Constitution, the Wisconsin Legislature is directed to redistrict State legislative districts “according to the number of inhabitants” at its next session following the decennial Federal census. The Legislature also reapportions congressional districts at the same interval pursuant to Federal law; and,

WHEREAS, because State and Federal legislative redistricting is controlled by the majority party at the time of the redistricting, legislative and congressional plans in Wisconsin have been subject to partisan influence that puts the desires of politicians ahead of the electoral prerogative of the people. Redistricting to achieve partisan gains is improper, whether it is done by Republicans or Democrats; and,

WHEREAS, a panel of Federal District Court Judges ruled that the redistricting done in Wisconsin in 2011 was unconstitutional. Legal fees in defense of the 2011 redistricting have already cost taxpayers in excess of $2.1 million with the litigation still ongoing; and,

WHEREAS, the State and Congressional districts belong to the citizens of Wisconsin and not to any legislator, interest group or political party. The redistricting process should not be a tool used by those in power to protect and bolster their power, but should be designed with the best interest of Wisconsin’s democracy and its citizens; and,

WHEREAS, Wisconsin’s historical practice of redistricting by the majority party in each legislative chamber is an outdated practice that stifles political competition, discourages compromise, ensures continued control by the party in power, and lacks the transparency necessary to reinforce citizens’ faith in the democratic process; and,
WHEREAS, there is a critical need at this time to restore trust, compromise and fair competition in Wisconsin politics.

NOW, THEREFORE BE IT RESOLVED, that the Columbia County Board of Supervisors hereby urges the State Legislature, before the start of the next redistricting process following the 2020 Federal census, to pass legislation that creates a fair, nonpartisan procedure for the preparation of legislative and congressional redistricting plans that promotes more accountability and transparency, prohibits the consideration of voting patterns, party information and incumbents’ residence information or demographic information in drawing the maps, except as necessary to ensure minority participation as required by the U.S. Constitution; and,

BE IT FURTHER RESOLVED, that the Columbia County Board of Supervisors advocates for an amendment to the Wisconsin Constitution giving the responsibility of legislative redistricting to a nonpartisan commission; and,

BE IT FURTHER RESOLVED, that the Columbia County Clerk is hereby directed to forward a copy of this Resolution to Governor Scott Walker, all State Representatives and State Senators who represent Columbia County, the Wisconsin Counties Association, the Wisconsin Towns Association, and the Wisconsin League of Municipalities.

EXECUTIVE COMMITTEE

Motion was made to adopt the Resolution by Sumnicht, second by St. Maurice.

Rohrbeck spoke against and expressed concerns with the resolution, such as a current lawsuit and pending action; lack of clarity; definition of nonpartisan; county involvement in state and federal issues. He felt incumbency; candidate name recognition; and voter turnout had more to do with an election outcome than how district boundaries are defined.

St. Maurice and Sumnicht, spoke in favor of the resolution, stating the redistricting process is not fair and, as elected officials, believe they have responsibility to constituents. Several other county boards throughout Wisconsin have passed similar resolutions, including Wisconsin Counties Association.

Rashke spoke against the resolution, stating counties should not adopt resolutions on any state or federal issues not related to county government. The function of this body is to be the fiscal stewards of the County's assets and not get involved in political action.

Field spoke against the resolution. He expressed concerns with being nonpartisan as a county board member; some inaccuracies; and not having to do with county business.

Pufahl stated he appreciated supervisor’s comments, both pro and con to the resolution, and inquired if a motion to hold over the resolution for more information should be entertained.

Ruf was asked to clarify the Wisconsin Counties Association position, he stated the WCA is a “clearinghouse” for counties and do not take a position on the matter.

Bradley stated redistricting is seriously gerrymandered and does affect counties.

The resolution failed on a roll call vote as follows:
YES: 11; NO: 13; ABSTAIN: 2; ABSENT: 2
NO: Weyh, Cupery, Gove, Field, Rohrbeck, De Young, Wingers, Rashke, Drew, Teitgen, Ross, Baumgartner, Foley.
