Zoning District(s): A-1 Agriculture (RR-1 Rural Residence, proposed)

Applicant(s): Fox River LLC, c/o Adam Scheafbauer

Property Location: Located in the Southeast Quarter of the Northeast Quarter and Government Lot 9 of Section 25, Town 13 North, Range 6 East

Town: Newport

Parcel(s) Affected: 154.15

Site Address: W14555 Lee Drive

Background:

Adam Scheafbauer of Fox River LLC, owner and applicant, requests the Planning and Zoning Committee review and approve a Conditional Use Permit for a Tourist Rooming House on the aforementioned property. Section 12.155.05(12)(a) of the Columbia County Zoning Ordinance defines a Tourist Rooming House as, “A single-family dwelling licensed by the state used as a lodging place or tourist cabin or cottage rented to tourists or transients for the purpose of overnight lodging for a period of not less than 1 night and not more than 30 consecutive days other than ongoing month-to-month tenancy granted to the same renter for the same unit.” A Tourist Rooming House requires a Conditional Use Permit per Table 12.110.02(1) of the Columbia County Zoning Ordinance. Parcel 154.15 is 36.03 acres in size and is listed as Lot 2 of Certified Survey Map No. 5267. The property is zoned A-1 Agriculture and planned for Agricultural or Open Space land use on the Columbia County Future Land Use map. The parcel fronts on Lee Drive and Ingebretson Road and there is an existing single-family residence and several agricultural structures on the property. There are both wetlands and floodplain on the property. Approximately 15 acres of the property are considered to be prime farmland. Steep slopes are present in the northern wooded area of the site. All existing development is located outside of this area. A replacement septic system was installed on the property in 2011, and it is current on maintenance requirements. Land use and zoning of adjacent properties is below.

Adjacent Land Uses and Zoning

Direction	General Land Use	Zoning
North	Agriculture, Woodland, and Single-Family Residence	A-1 Agriculture
East	Agriculture	A-1 Agriculture
South	Agriculture and Woodland	A-1 Agriculture
West	Wetland and Wisconsin River	A-1 Agriculture

Analysis:

The Columbia County Zoning Code outlines several requirements for a Tourist Rooming House in Section 12.125.11(1) in addition to the Conditional Use Permit. The requirements of this subsection are incorporated in the Recommended Conclusions of Law under Item 10. The property owner purchased the property in November 2023 and intends to use this home as their personal vacation home, but also intends to rent it out short-term when

not using it for personal use. Additional restrictions that the property owner intends to impose are included with the preapplication. Some of these restrictions have been incorporated as conditions of consideration below. Occupancy is based on the number of bedrooms, which in this case is three. The septic system is also sized for a three-bedroom home, thus allowing a maximum of six individuals. Because the property owner does not live within a one-hour's drive of the proposed tourist rooming house, they have identified a 24-hour local contact. Further details can be viewed within the application materials.

Town Board Action:

The Newport Town Board met on November 3, 2026 and recommended approval of the Conditional Use Permit with conditions.

Standards for Review:

The proposed use complies with the General Criteria of Section 12.150.07(4) of the Columbia County Zoning Ordinance. See Attachment A for more details.

Section 12.150.07(4): Criteria for review of all Conditional Uses

Re: Public Hearing Item 11: Fox River LLC CUP

**Staff comments are italicized after each review item.*

Review Criteria. In reviewing the conditional use permit the Planning and Zoning Committee shall use the following as guides for making a decision.

- (1) The establishment, maintenance, or operation of the proposed use will not be detrimental to or endanger the public health, safety, or general welfare of the occupants of surrounding lands. *The use as a vacation home is similar to other single-family uses in the area but the occupancy is short term and typically not by the owner. Issues which could be seen as having the potential to be detrimental appear to be able to be adequately mitigated by the application of conditions of approval.*
- (2) The use will be designed, constructed, operated, and maintained so as to be compatible, and be appropriate in appearance with the existing or intended character of the general vicinity, and that such use will not change the essential character of the same area such that the use will substantially impair or diminish the use, value, or enjoyment of existing or future permitted uses in the area. *The single-family residence is existing, and nothing will be done to the house to change its appearance. There will be no change to the physical character of the area. Operating within the conditions of approval will ensure that the proposed use will not substantially impair or diminish the use, value, or enjoyment of existing or future permitted uses in the area.*
- (3) The erosion potential of site based on topography, drainage, slope, soil type, and vegetative cover. *The development is existing; therefore, the potential for erosion is limited.*
- (4) The prevention and control of water pollution including sedimentation, and the potential impacts on floodplain and wetlands. *The site is already developed.*
- (5) The site has adequate utilities, including if necessary acceptable disposal systems. *There is an existing system serving the residence, and it is current on maintenance requirements.*
- (6) Access to streets and highways is suitable, and ingress and egress is designed to minimize traffic congestion and the potential effect on traffic flow. *Ingress and egress to the site is from an existing driveway. The level of activity from the proposed use will not create congestion or affect traffic flow above and beyond the existing use on the property as a single-family residence.*
- (7) The Conditional Use shall conform with the standards of the applicable district(s) in which it is located. *The proposed Tourist Rooming House must comply with the conditions of approval as well as the standards set forth within the Columbia County Zoning Code, specifically 12.125.11(1).*
