Background:

Todd Stephenson and Kris Ramsden, owner and applicants, request the Planning and Zoning Committee review and approve a Conditional Use Permit for a Tourist Rooming House on the aforementioned property. Section 12.155.05(12)(a) of the Columbia County Zoning Ordinance defines a Tourist Rooming House as, “A single-family dwelling licensed by the state used as a lodging place or tourist cabin or cottage rented to tourists or transients for the purpose of overnight lodging for a period of not less than 1 night and not more than 30 consecutive days other than ongoing month-to-month tenancy granted to the same renter for the same unit.” A Tourist Rooming House requires a Conditional Use Permit per Table 12.110.02(1) of the Columbia County Zoning Ordinance. The property is accessed off State Highway 188 and is approximately 0.3 acres in size, with frontage on Lake Wisconsin. The property is zoned R-1 Single-Family Residence and there is a two-bedroom single-family residence on site. A replacement holding tank was installed in 1990. The system is sized for two bedrooms and was most recently serviced in November 2024. There are no wetlands on the property, and floodplain is present along the shore of Lake Wisconsin. Land use and zoning of adjacent properties is below.

Analysis:

The Columbia County Zoning Code outlines several requirements for a Tourist Rooming House in Section 12.125.11(1) in addition to the Conditional Use Permit. The requirements of this subsection are incorporated in the Recommended Conclusions of Law under Item 10. Additional restrictions that the property owner intends to impose are included with the preapplication. These restrictions include minimum renter age and limiting occupancy to six (6) guests. Section 12.125.11(1) was recently amended to limit occupancy to two persons per bedroom, unless otherwise approved by the Committee and the Town. The initial preapplication for this request was received prior to the 12.125.11(1) ordinance amendment, and the Town of West Point recommended approval of the CUP based on a maximum occupancy of six (6) individuals. The recommended conditions below carry

through with the original request as recommended by the Town. The property owner lives within a one-hours' drive of the property, and their contact information is on file with the Planning and Zoning Department.

Town Board Action:

The West Point Town Board met on April 10, 2025 and recommended approval of the Conditional Use Permit with conditions.

Standards for Review:

The proposed use complies with the General Criteria of Section 12.150.07(4) of the Columbia County Zoning Ordinance. See Attachment A for more details.

Section 12.150.07(4): Criteria for review of all Conditional Uses

Re: Public Hearing Item 5: Stephenson CUP

**Staff comments are italicized after each review item.*

Review Criteria. In reviewing the conditional use permit the Planning and Zoning Committee shall use the following as guides for making a decision.

- (1) The establishment, maintenance, or operation of the proposed use will not be detrimental to or endanger the public health, safety, or general welfare of the occupants of surrounding lands. *The use as a vacation home is similar to other single-family uses in the area but the occupancy is short term and typically not by the owner. Issues which could be seen as having the potential to be detrimental appear to be able to be adequately mitigated by the application of conditions of approval.*
- (2) The use will be designed, constructed, operated, and maintained so as to be compatible, and be appropriate in appearance with the existing or intended character of the general vicinity, and that such use will not change the essential character of the same area such that the use will substantially impair or diminish the use, value, or enjoyment of existing or future permitted uses in the area. *The single-family residence is existing, and nothing will be done to the house to change its appearance. There will be no change to the physical character of the area. Operating within the conditions of approval will ensure that the proposed use will not substantially impair or diminish the use, value, or enjoyment of existing or future permitted uses in the area.*
- (3) The erosion potential of site based on topography, drainage, slope, soil type, and vegetative cover. *The development is existing; therefore, the potential for erosion is limited.*
- (4) The prevention and control of water pollution including sedimentation, and the potential impacts on floodplain and wetlands. *The site is already developed.*
- (5) The site has adequate utilities, including if necessary acceptable disposal systems. *There is an existing system serving the residence, and they are both current on maintenance requirements.*
- (6) Access to streets and highways is suitable, and ingress and egress is designed to minimize traffic congestion and the potential effect on traffic flow. *Ingress and egress to the site is from an existing driveway located on a state highway. The level of activity from the proposed use will not create congestion or affect traffic flow above and beyond the existing use on the property as a single-family residence.*
- (7) The Conditional Use shall conform with the standards of the applicable district(s) in which it is located. *The proposed Tourist Rooming House must comply with the conditions of approval as well as the standards set forth within the Columbia County Zoning Code, specifically 12.125.11(1).*
