FLOODPLAINS

Columbia County  
Wisconsin

- 100 Year Floodplain
- 500 Year Floodplain

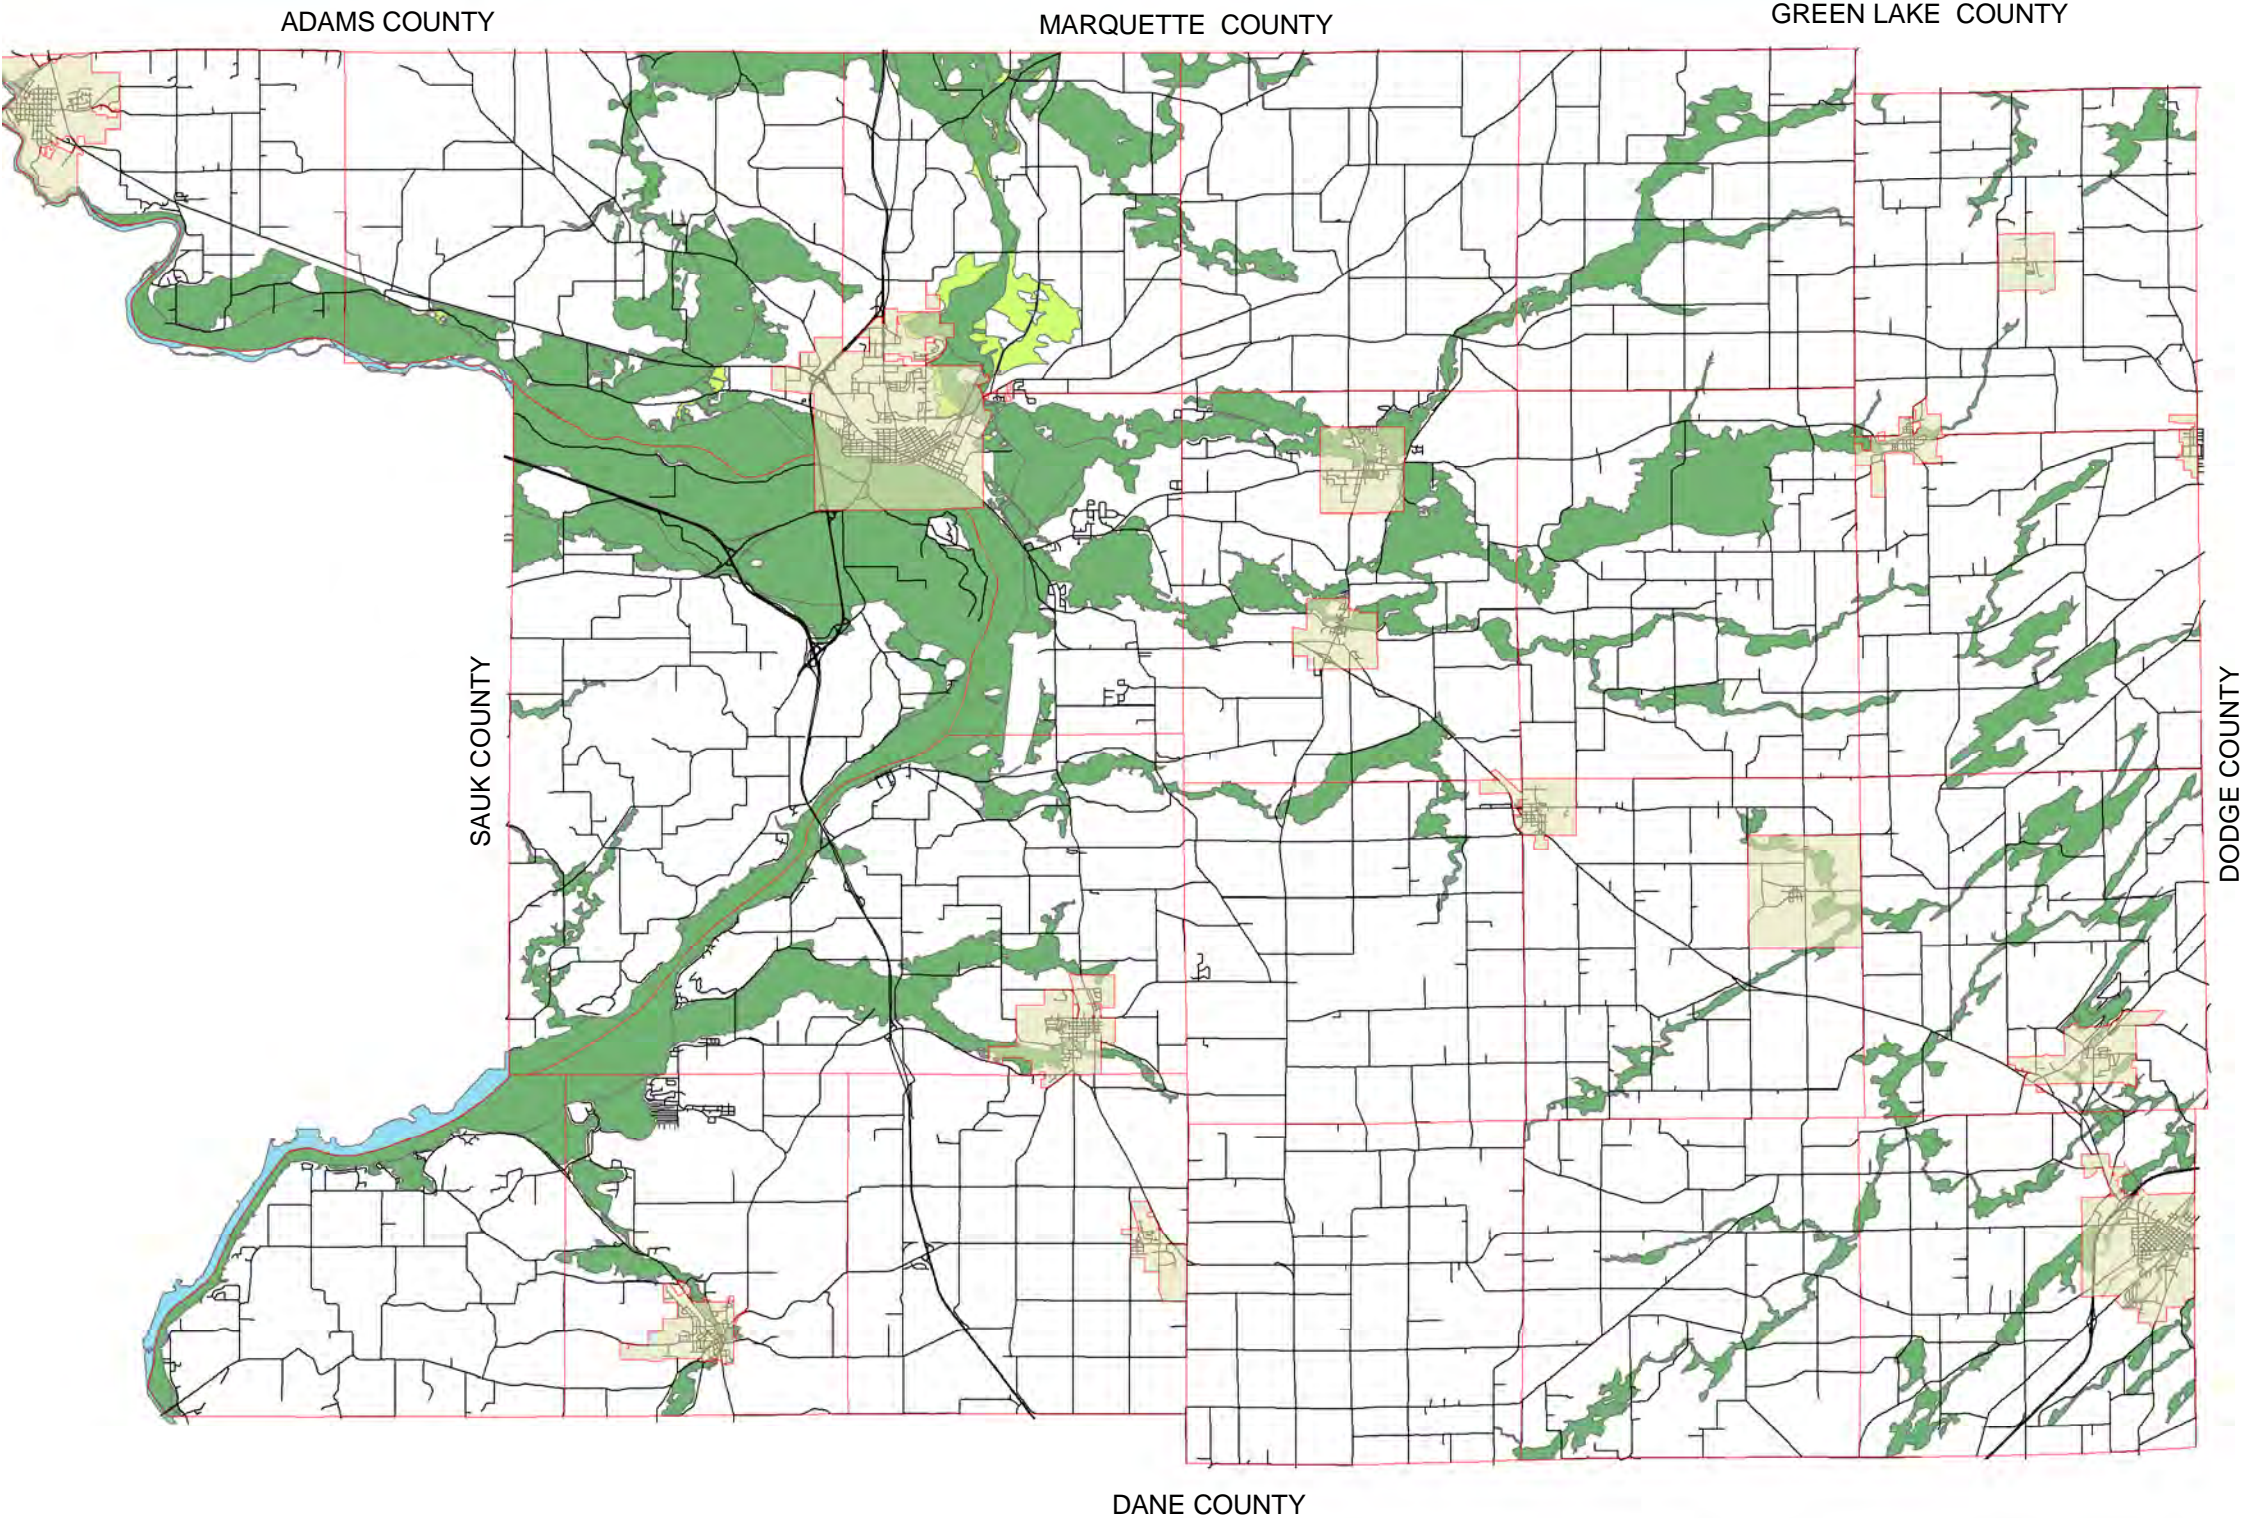

Floodplains delineated from Flood Insurance Rate Map (FIRM) dated April 2, 2008. Flood risk information presented on FIRMs is based on historic, meteorologic, hydrologic, and hydraulic data, as well as open-space conditions, flood control works, and development. To prepare FIRMs that illustrate the extent of flood hazard in a flood prone community, FEMA conducts engineering studies referred to as Flood Insurance Studies (FISs). Using information gathered in these studies, FEMA engineers and cartographers delineate Special Flood Hazard Areas (FHAs) on FIRMs.
