Columbia County	Please do not staple checks to this form.
ERN Application	Phone: (608) 742-9660 www.co.columbia.wi.us
Planning & Zoning Department Pursuant to Columbia County Ordinance 18.1	112 E. Edgewater St. Portage, WI 53901
Shaded Area For County Use Only -	
Parcel #: Assigned ERN:	

Make checks payable to "Columbia County Treasurer". Credit Cards accepted. We do not issue refunds.

**Emergency Response Number** 

\$75.00

Note: This application must be completed accurately before the issuance of a Zoning Permit and ERN. Please <u>do not</u> estimate the distance between drives. An accurate measurement is needed to ensure a uniform numbering system and quick emergency services. You will need to provide distances from 2 surrounding neighbors' ERN addresses. **A copy of your approved driveway permit must be attached to this application prior to submitting.** 

#### 1. Closest Neighbors Address/ERNs: Complete the chart below with accurate information-see page3 for directions.

	ERN/Address	Road Name	Distance from new driveway	Direction from new driveway (circle one)	Side of Road (circle one)
Neighbor #1			ft.	North East South West	Same Opposite
Neighbor #2			ft.	North East South West	Same Opposite

### 2. Your Driveway Location Site Plan: (see next page for site plan example)

3.	Attach a copy of your approved Driveway Permit: If existing, still contact appropriate entity to get
	email/note/etc. saying existing driveway is permitted as is and attach that instead.

I certify that the above information is true, accurate and complete.

A permit issued by the Planning & Zoning Department is issued reflective of the information and statements provided by the applicant. The provision of false, misleading, or fraudulent statements may cause a permit to be later revoked. With this understanding, I certify that all information provided in support of my application is true, accurate, and complete to the best of my knowledge.

**Planning & Zoning Department** 

112 E. Edgewater St. Portage, WI 53901

A permit issued by the Planning and Zoning Department may not encompass all matters necessary to be permitted in regards to the project. It is the applicant's sole responsibility to comply with applicable law and to review whether a permit(s) from any other Federal, State, County, Town (or other Municipality), or other applicable regulatory agency may be required. In addition, all applicants should contact their Town governments to review whether any additional building or UDC permits are required.

The owner hereby authorizes access to the property described herein, by authorized representatives of the Planning & Zoning Department, for the purpose of gathering or verifying information relating to the application, and for verifying compliance with any approval or permit that may be granted. The applicant further agrees that the site is staked and an inspection of such proposed structure may be made by the Columbia County Planning & Zoning Department between the hours of 8:00 am and 4:30 pm, Monday through Friday.

Applicant agrees to and assumes all responsibility for the matter contemplated by the Application. Such includes, but is not limited to, those factual, alleged or otherwise asserted by any party, legal, monetary, or other considerations applicable to the performance, quality, sustainability or permanence, liability, timeliness, and/or legal compliance of the matter describe within the Application.

Pursuant to §59.691(3) Stats, the applicant must sign this application to indicate acknowledgement of the following, "You are responsible for complying with state and federal laws concerning construction near or on wetlands, lakes and streams". Wetlands that are not associated with open water can be difficult to identify. Failure to comply may result in removal or modification of construction that violates the law or other penalties or costs. For more information, visit the Dept. of Natural Resources web page at: http://dnr.wi.gov/wetlands/programs.html or contact a Dept. of Natural Resources service center.

The undersigned hereby applies for a permit to do work herein described. The undersigned agrees that all work will be done in accordance with the Columbia County Zoning, Floodplain and Shoreland-Wetland Protection Ordinances, and with all laws of the State of Wisconsin, applicable to said premises.

Zoning Permits issued by the Planning & Zoning Department must be posted in a prominent place on the premises prior to, and during the period of construction, alteration or movement.

A permit issued by the Planning & Zoning Department is issued reflective of the information and statements provided by the applicant. The provision of false, misleading, or fraudulent statements may cause a permit to be later revoked. With this understanding, I certify that all information provided in support of my application is true, accurate, and complete to the best of my knowledge.

## ERN Directions:

1. Driveway Location: The number you will be issued is based on the location at which your driveway meets the road, and has nothing to do with the location of your house. When measuring distances between driveways, measure from the center of each driveway, not from end to end. The accuracy of the information you provide regarding the driveway location is important in assuring the number assigned is in proper sequence with other numbers, and allows for the reservation of numbers for driveway entrances to serve future development. Also, keep in mind that emergency services depend on the ERN to locate your property in an emergency, and incorrect numbers can result in critical delays.

All new driveway locations and upgrades of existing entrances require a driveway permit from the applicable authority (see Requirements and Contacts sheet). Such permits must be obtained prior to applying for your ERN.

- 2. Information Needed: When you are filling out this form, we need more than just a "guess" as to the distance to the next driveway. These numbers are plotted onto an electronic map of the township, so accurate locations are important. If you live in a rural area, and not in a subdivision, it is helpful if you can provide the distance to the nearest section, quarter section, 40-line that intersects the road or the nearest road intersection, which will help us in determining the proper location on the map. Showing the location on a copy of your survey, if you have one, would be excellent. Errors in the information provided to us can result in your number being changed at a later date, which can result in some inconvenience to you.
- 3. Number Placement and Maintenance: The ERN sign should be placed approximately five (5) feet to the right of the driveway at the edge of the road right-of-way. The sign should be placed at a minimum of three and one-half (3 1/2) feet from the ground when the post is in position. The ERN sign should also be kept clear of any vegetation that might screen it from view. Remember that these signs need to be clearly visible at all hours of the day and night. If your sign is damaged beyond repair or removed for any reason, it is your responsibility to contact the town for a replacement.
