

DIRECTIONS: The Old Depot Barn Quilt is located on the south end of Bahr's Hybrid Farms warehouse located on Railroad Street in Rio. To arrive at the site, take Lincoln Street off Highway 16 East Rio Street. Turn onto East Rio Street and drive one block to Second Street. Turn left (north) on Second Street. After about 200', bear left onto Railroad Street. You'll see the warehouse and barn quilt straight ahead.

Originally the building was a tobacco warehouse. When it was purchased in 1970, there was a railroad siding and it was used to ship out seed corn to New York State. The building is now used for seed storage for Bahr's Hybrid Inc.
