Columbia County Medication Assisted Treatment (MAT) Program

The Columbia County Medication Assisted Treatment (MAT) Program offers a model developed to provide an innovative approach to treating heroin and opioid prescription drug addiction. The MAT Program will facilitate referrals to medication-assisted treatment, provide ongoing case management services and wrap around community based services to individuals struggling with heroin and opiate addiction.

Columbia County Medication Assisted Treatment (MAT) Program

What is Medication Assisted Treatment (MAT)?

MAT is a person centered wrap around model of support and service programs to individuals struggling with heroin or other opioid prescription drug addictions. Services may include information, education withdrawal support, comprehensive AODA and Mental Health Assessment, recovery planning , case management services, access and referral to Vivitrol & Suboxone providers, referrals to doctors and clinics for primary medical concerns, behavioral health needs, community resources, and /or working with your family and loved ones in establishing or reestablishing healthy supportive relationships.

MAT Programs

- 1) Medication Assisted Treatment for Prescription Drug & Opioid Addiction Substance Use Block Grant Voluntary, free, for Columbia County adult residents suffering from a prescription drug or opioid addiction.
- 2) Nonnarcotic, Non-addictive Injectable Medication (NNAI), Medication Assisted Treatment services within the jail setting. Voluntary, free, for Columbia County adults incarcerated in the Columbia County Jail needing supports for their opioid addictions prior to re-entry into the community. Includes release support.
