

## **Secure Detention/Shelter Care Rates 2024**

Under Wisconsin law, individuals receiving services through Columbia County Department of Health and Human Services are responsible for the cost of their care. Other responsible persons are an individual's spouse and the parents of a minor child. The basic approach to funding services in Wisconsin is: 1) your own income and resources; 2) parental support, if the individual is a minor; 3) State grants; and 4) county funds. Columbia County Department of Health and Human Services will request reimbursement from the parent and/or guardian of the child for the cost accrued following a stay in one of these facilities. Information regarding a payment plan will be shared with the parent and/or guardian.
