

A number line illustrating the conversion of feet to miles. The top scale is labeled "Feet" and ranges from 0 to 13,000 in increments of 500. The bottom scale is labeled "Miles" and ranges from 0 to  $2\frac{1}{2}$  in increments of  $\frac{1}{2}$ . A black bar highlights the segment from 0 to 5,280 feet, which corresponds to 1 mile on the bottom scale.

March 17,  
COLUMBIA COUNTY  
LAND INFORMATION

This map of Marquette County, Michigan, highlights two specific areas. The Portage Community (4501) is located in the central-western part of the county, near the intersection of State Highway 13 and County Highway 10. The Pardeeville Area (4228) is situated in the southeastern corner of the county, near the intersection of State Highway 13 and County Highway 10. The map shows a network of roads, including State Highways 13, 14, and 15, and various County Highways. Water bodies like Lake Superior and Lake Michigan are also visible. The map is titled 'MARQUETTE COUNTY' at the top.
